

Discover our New Fundraising Systems for FFA Chapter's "Basic Plan"

Starting in January 2010, PAQ Interactive, providers of **ffachapter.net** nationwide, joins with Norstar Associates, the nation's leader in fundraising innovation. This will add an exceptional interactive network for online fundraising systems to your ffachapter.net Basic Plan.

ffachapter.net simplifies fundraising and "doubles" the chances of meeting your success goals by complementing traditional efforts with an easy-to-use fundraising web store. All Chapter members can complete online fundraising goals with family, community, friends, and neighbors. Reach and contact for your Chapter program is now unlimited.

Norstar Associates provides 25 years of product selection and fulfillment knowledge, and a total understanding of targeting "\$\$-Funds" to your Chapter. This unique relationship with ffachapter.net and Norstar is the first of its kind, and arrives to Chapters as a standard part of the ffachapter.net Basic Plan. The fundraising model of your Basic Plan alone supports newer/better Member activities.
